WHAT'S BUZZING AT NCS GOA THIS WEEK?

The week that was03 Apr to 07 Apr 2023

Our students came back to school last week for the new session , 2023-24 ,all excited to start yet another academic year, with another set of classmates, new teachers and for some the new school building.

Our class I students , fresh out of playschool and kindergarten joined us on the 05 Apr ,all wide eyed after seeing the large school building after being sheltered at play schools. They went around the premises soaking in the sights and sounds of the 'big school' as they called it.

A career awareness webinar was conducted by the school in collaboration with I Dream Careers for class X students, with special focus on stream selection, choice of subjects in class XI and associated career scope. Mr Thomas, the effervescent career coach took the parents, students and teachers on an information joyride as he navigated the plethora of subjects offered by the school. He emphasized on the essentials that one must consider while choosing a stream.

Class IX and X student volunteers accompanied their mentors... Shaifali Kapoor, Riti Saxena and D Dhanraj for the 14th edition of TEDx at the BITs Goa Campus on 09 Apr '23 to witness a fantastic show of a variety of speakers, entertainment and music. The eminent speakers had them enthralled with their vocal prowess and public speaking abilities.

The curtains came down on an action filled week with the Easter celebrations . Here's looking forward to this week and the myriad possibilities that it will bring !
