## WHAT'S BUZZING AT NCS GOA THIS WEEK?

### The week that was .....17 April to 22 April 2023

This week saw the scientific temper at its highest, with students of class VIII and IX participating in the Science Film festival at INOX Panjim on 18 and 19 Apr. The Science dept teachers accompanied the students, thus making it a memorable visit. Some teachers underwent training for movie making, films and documentaries. Senior students were exposed to live workshops in AI and Robotics.

Students of Class V B conducted a very vibrant assembly commemorating the World Heritage Day on 18 Apr, bringing the stage alive with folk dances, the Heritage pledge and singing.

Earth Day celebrations kick started in school this week, across classes to bring about awareness on various aspects of saving our planet. Art, visits, tree plantation and clean ship drives are some of the activities that are on-going, to mark the occasion. A group of 16 students were invited to the National Institute of Oceanography and shown around , on 22 Apr . The various displays were shown to the children on marine and coral life. The main attraction being the Coral Reef Monitoring Robot-C Bot , which the children were taught how to maneuver.

Students of Class III went on a field trip to Bondla zoo on the 21st of Apr, learning plants and animal habitat, symmetry in nature and wildlife and nature science.

Classes went in for cleaning drives in and around the school premises as a part of the Earth Day celebrations. They were cheered and applauded by many visiting parents and people walking by on the road.

Here's to more thinking out of the box for effective student engagement and learning !!
