### The week that was .....24 June to 29 June 2023

As the downpour continues, we continue to make a splash in all that we did last week!

Many of our students are trying their hand at writing short stories and publishing e-books with Bribooks. It's a joy to connect with the young authors as they are talking about their writing journey in their classroom.

We are gearing up and training hard for the upcoming sports calendar released by the Sports Authority of Goa. We are currently choosing teams for Table Tennis and Badminton. The athletics team is also training rigorously after school. We gave away certificates and money smart badges to all the student toppers in Financial Literacy for the academic session 2022-23.

We are launching the Film curriculum across classes for which our teaching faculty underwent training. Watching award winning short films and following up with introspection and journaling are some of the highlights of the multifaceted curriculum.

Our first cycle of assessments have been announced and the whole school will be gripped with test fever from the second week of July 2023.

We are also preparing up for the Felicitation and Investiture ceremony....the first of the many events that are planned for this academic session.

Here's looking forward to the coming week.....!
