

NAVY CHILDREN SCHOOL

AIRPORT ROAD, DABOLIM – GOA

NCS(G)/Cir/38/2021-22/53

Dated: 07.12.2021

Dear Parents,

Choosing the right stream, college and career path is a milestone decision which the student and the parents must make it together with the support of career and college counsellor.

The outcome of this decision will determine what a child does for 40+ years of professional life after she completes her education. Stream/ Career selection is not a decision which can be postponed after 10th class/ 12th class examinations. We have been getting requests from parents in our school to help them in this decision by providing them access to professional career guidance program in the school itself as unfortunately not all students are able to discover their potentials and interests at the right stage.

Objectives of the Career & College Guidance Program

1. Become aware of numerous new age careers of 21st century.
2. Identify suitable careers based on your child's unique aptitude, personality, and interest.
3. Understand the flow of career pathways including the entrance examinations, colleges and scholarships.
4. Benefits a 09th & 10th class student to get into right stream based on their career choices.
5. Helps Class 11th & 12th students to shortlist suitable careers/entrance exams/colleges/ scholarships both India and Abroad.
6. Works to remove all career and college selection confusion.

We are extremely pleased to inform you that our school, considering the past two years work in career guidance, is engaging iDreamCareer again for the Academic Year 2021-22. **iDreamCareer, a trusted technical partner of CBSE**, is working with thousands of schools in India and Middle East to help students. As part of the program they would be offering following products and services: -

C-PAT - Comprehensive Psychometric Career Assessment Tool (Only for Class 10th & 12th)

- › A two-hour career assessment test to analyze the Aptitude (based on CHC Theory of three-stratum structure of intelligence), Personality (based on big five factor model) and Interest (based on Holland's RIASEC model)

- › A 16-page unique career report would get generated on completion of test which would show the top 5-7 career fitment analysis.

P-TAT – Personality Trait Assessment Tool (Only for Class 09th)

- A 30 mins assessment test to identify personality traits and to start working on personality development to match the career aspiration.

Student and Parents online dashboard – validity one year with following features (applicable for students from 09th to 12th)

- › Unbiased information aggregated on **555** careers with **2122** specialization tracks, **1158** entrance examinations & **1127** scholarships in India and abroad.
- › College Directory to explore **2,62,169** programs/courses from **21,122** colleges and universities from **17** countries around the world.
- › To resolve specific queries, regularly stay in touch with a career counsellor through chat facility on dashboard.

One-on-one session with iDreamCareer career counsellor online (only for Class 10th & 12th)

- › 30 minutes personalized one-on-one session with trained and certified career counsellor in a private setting.
- › Introduction of top 3 careers to pursue, based on in-depth profile assessment.
- › Charting career and college pathways for selected careers.
- › Guidance and finalization of best-fit stream, subjects for short-listed careers.

Online Webinars to interact with a career guidance counsellor

- › College admission guidance webinars are planned every month 20th (Nov 2020 to Aug 2021) to help Grade 12th students to resolve queries around Indian college admission process and to keep them updated on all the notifications that have come out for the month.
