From the Principal's Desk

Dear Readers,

Greetings!

We commenced Term II with the preparation of primary and secondary annual function, the outcome of which you have already seen. What a spectacular show it was!

Important events of our November weeks are the Olympiads across classes, Regional Science Exhibition participation, In house sports events and the Goa STEM Challenge.

Class picnics are happening in full swing with the weather holding well. Workshops for students and teachers continued, and we got to play host for the English Faculty Development Programme.

Our students continue to shine in regular individual participation. They keep the school informed of the same. We are happy to make an mention of all the achievements.

We are already in the last month of 2024. We realize how the year flew by so quickly. There is much to be grateful for. May we continue to grow stronger and achieve more.

Our vibrant photo pages paint a vivid picture of all the activities. Here's wishing all of you 'Happy Reading' till our next edition.

**Warm Regards
Mrs Anupama Mehra**
